

**Biometric Recognition System – Appendix 1**

**Biometric Recognition System**

**Acknowledgement Form**

I .....<name of visitor> have been informed of the nature of the biometric identification process undertaken by the Department of Corrective Services as a condition of entry to a prison, as well as the reasons for such process.

I understand that if I decline, or subsequently withdraw my consent then I may be denied entry or re-entry to the facility, as the case may be, or if I withdraw consent after gaining entry to the facility, reasonable measures may be taken to confirm my identity prior to exiting the prison.

I understand that once initial processing (called **registration**) is complete, images of the eyes are not stored in any recognisable (or recoverable) form. I further understand that the biometric data will not be used for any other purpose than to confirm my personal identity on the occasions I visit the prison, or be disclosed to anyone outside the Department of Corrective Services, unless required by law.

I consent and agree to undertake such Biometric Recognition System identification requirements prior to entry to and exit from the prison, on this and any future visits, as required.
